Dear Chairman Martin:

This letter is in support of WWJ-AM 950, a CBS Radio affiliate.

In partnership with Eastern Michigan University, WWJ has created the Education Minute. The purpose of this community-based program is to help parents help their children succeed with every-day, reality-based education tips, advice and suggestions.

The program provides a rich and constantly growing network of information, resources and support to help parents evaluate the education their children are receiving. It also helps them effectively engage with their children's teachers, administrators, and school governing authorities to improve the quality of education and to provide tools for parents to build the educational achievement of their children.

The program airs four times a day each weekday. Please visit **wwj.com** for more information.

In addition, WWJ serves the greater community in many ways and on many levels, hosting conferences, summits and events to spark the latest ideas, trends and thinking. WWJ is a leader and blessing to the community.

I am proud to be a partner of WWJ and even prouder that it is in my community.

Sincerely,

Theodore G. Coutilish  
Associate Vice President
